Join us for this fun, interactive, and FREE financial education experience!

Mad City Money is a hands-on way for teens to learn the importance of budgeting - all while having FUN! This immersive 3-hour financial education experience is designed for junior high and high school students and it's FREE!

Each teen receives a future identity complete with an occupation, salary, kids, and perhaps some debt. Students then make decisions about housing, transportation, food, clothing, child care, entertainment, and more. Just like adults! Before leaving Mad City Money teens share and review what they learned about budgeting and making financial decisions.
